

Spools - fabrication and installation

We fabricate and install spools for the offshore industry.

We continuously develop our range of welding procedures to meet the challenges in the offshore industry.

We have our own welding and QA/QC department to ensure the requirements are fulfilled.

Our personnel are trained and have experience in onshore and offshore installation.

Toolbox:

- Design
- Planning
- Purchase
- QC/QA
- NDE
- 3D verification
- Third party inspection
- Coating
- CE-marking, ref. PED
- Installation
- As-build documentation

Qualifications:

- EN 15614-1
- PED 97/23/EC
- NORSOK M-601
- API spec 6A
- NACE: MR0175 - DS/EN ISO 15156
- ASME IX
- Etc.

Alloys:

- Carbon steels
- Duplex
- Super Duplex
- SMO254
- CuNiFe
- S316L
- etc.
