

Structures - fabrication and installation

We fabricate and install structures for the offshore industry.

Our experience in offshore installation is an advantage in planning structural solutions.

We have our own welding, QA and QSE department to ensure the requirements are fulfilled.

Our personnel are trained and have experience in onshore and offshore installation.

Toolbox:

- Design
- Planning
- Purchase
- Work shop - state of art
- QC/QA
- NDE
- 3D verification
- Third party inspection
- Coating
- CE-marking, ref. PED
- As-build documentation

Qualifications:

- EN 15614-1
- NORSOK M-101
- ASME IX
- etc.

Alloys:

- Carbon steels
- SMO254
- S316L
- Aluminum
- etc.

Structures:

- Skids
- Deck extensions
- Boat landings
- Supports
- Racks
- Lifting appliances
- Mechanical parts
- etc.
